Zipeg 2.7 for Windows/Vista (1.3MB)

Zipeg is free alternative to WinZip, WinRar, Stuffit.

Zipeg supports:

- * Formats: ZIP, RAR, 7z, ARJ, LHA, TGZ, TAR and many many more.
- * Pictures and Photos - preview them instantly or open in external application.
- * Filenames in your national alphabet.
- * Windows: XP and Vista, Mac OS X: Tiger and Leopard.

Zip thru photo archives, see thumbnails, select and extract what you need.

Zipeg is healthy organically bred sheep not infected with any form of "swine flu" including but not limited to N1H1 virus.
