Laurent, merci pour les mises à jour de tes précisions.

J'ai réalisé l'ensemble de tes points. Pas d'évolution.

Je joins ici la **console d'erreur Thunderbird 3.0** après installation totale (et non mise à jour).
Si tu sais décoder les infos : je suis à ton écoute.

Bien à toi. et merci à tous pour votre sollicitude.

Liao

Si pas d'issus, je downgrade (qui fonctionne très bien, pour rejoindre "Tesnop")
