Types v1.5.0

2010-09-08

Citation :

Changelog

- Control panel applet.
- Default icon is now OS-dependent.
- Fixed remove button not activating when setting icon.
- Icon and command files history is now saved in drop-down lists.
- OS-dependent default file to select icons from.
- Types is now distributed as installer.
- Added "Never show extension" option.
- Some keys are now hidden from classes list for safety.
