Lupo PenSuite description:

Lupo PenSuite is a completely free suite of portable programs and games.

Lupo PenSuite is designed to simplify the user's life, by collecting the best suites and portable programs available on the Web.

Optimized to be loaded on a PenDrive and brought always with you, this Suite works perfectly well on any Hard Disk.

You can also easily customize your suite adding programs from our broad software database. All you need in one package.

Here are some key features of "Lupo PenSuite":

- all-in-one for every needs
  - completely free and portable
  - no spyware, adware or viruses
  - with 9 different icon sets
  - easy to use and to personalize
  - more than 140 programs and 30 games included
  - more than 1100 programs and 130 games available
- localized in some languages: EN, FR, ES, DE, IT

Requirements:

- The Suite is tested and optimized for 256MB PenDrive or more, on Windows XP systems. Many of its applications work also on other Windows editions (progressively also on Windows Vista). Some programs require "Java RE" and .NET Framework to work correctly.
