winapp2.com

[Site](#)

[Downloads](#)

vous pouvez simplement [télécharger](#) le fichier [Winapp2.ini](#) et le déposer dans le repertoire de CCleaner

(rem: pas besoin de CCEnhancer)

Version: v1.0.121126 du 26.11.2012

Citation :

; Notes

; No of entries: 1,091

; To get the full benefits from this file requires CCleaner v3.09 at minimum, the latest version of CCleaner is always recommended though, as the file is tailored to the most recent version of CCleaner at any given time.

; Want to contribute entries you've written? Want to request a program be added? Register and post on the official Piriform Forums (this thread <http://bit.ly/k6E28m>)

; You can get the latest Winapp2.ini from my website: <http://www.winapp2.com>

; Is CCleaner taking too long to load with Winapp2.ini? Try this: <http://www.winapp2.com/trim.bat>

(place it in your ccleaner folder and run)
