You need Visual C++ Redistributable 2015

<https://www.microsoft.com/en-sg/download/details.aspx?id=48145>

If you don't like install it, use this to get the file, put into floorp folder.

https://sourceforge.net/projects/mwayn...v_Test_1.paf.exe/download

Usually 3 files you need:

msvcp140.dll

msvcr120.dll

vcruntime140.dll

This trick can be used in many program. :)
