Super © a été longtemps sur Gratilog mais a été retiré du fait des logiciels additionnels présents.

D'ailleurs à l'installation l'éditeur est très clair et renvoie sur la version payante pour s'en débarrasser :

**BUNDLE OFFERS INSIDE - READ CAREFULLY**

Only the main GUI (Graphical User Interface) of SUPER © is written by eRightSoft. However, this installation package contains as well other executable files written by third party sponsor advertisers. These other executables have absolutely nothing to do with the Video or Audio encoding / playing / recording but they will still be launched by simply clicking on the "I ACCEPT THE AGREEMENT" button.

These 3rd party sponsor advertisers may recommend or provide advertisements about various services or may install various irrelevant other softwares or toolbars that replace your current browser's homepage, modify your default browser's search engine and implement various changes to your system.

The 3rd party sponsor advertisers WILL DEFINITELY and IN ALL CASES install plenty of Bundle Offers, Toolbars, Addons and lot of other Junk which are totally selected and fully controlled by them.

eRightSoft have absolutely no idea about the selection or the content of any of these offers or any control over how to install or un-install them.

DO NOT CLICK ON THE "I ACCEPT THE AGREEMENT" BUTTON BELOW IF YOU DO NOT UNDERSTAND, YOU ARE IN DOUBT, YOU DISLIKE, DISAPPROVE OR DISAGREE WITH ANY OF THESE TERMS AND CONDITIONS.

INSTEAD, CLICK ON "CANCEL" THEN QUIT.

You have been informed. IT IS YOUR OWN DECISION to continue the installation. Do not email us accusing and complaining.

Instead, we offer on our website [https://www.erightsoft.com/SUPER\\_SE.html](https://www.erightsoft.com/SUPER_SE.html) our SUPER © Special Edition a totally CLEAN Zero-Bundle, Zero-Toolbars, Zero-Addons Payable version having various additional features.
