Version 6985406227 du 25 novembre 2023

<https://github.com/aardappel/treesheets/releases/tag/6985406227>

Changes :

FR translation for HMI and tutorial (#554)

* Updated FR language

Translation upgraded to latest HMI version (many missing translation items).

* Updated tutorial FR version with command line

The command line feature description was missing
